

May 12, 2016

Dear ABRO Customer:

Recently we have implemented a policy change in the Russian market for ABRO Products. There will now be only two distributors in Russia: ABRO West and ABRO East.

 - **ABRO WEST**

ABRO West will represent the interests of ABRO INDUSTRIES INC in the following districts:

Central Federal District, North-West Federal District, Southern Federal District, North Caucasian Federal District

 - **ABRO EAST**

ABRO EAST will represent the interests of ABRO INDUSTRIES INC in the following districts:

Volga Federal District, Ural Federal District, Siberian Federal District, Far East Federal District

We believe these changes will give our ABRO customers in Russia a higher level of service with a wider product range. This will be a positive change for everyone associated with ABRO in Russia and we hope that you accept these changes.

Continued on Page 2

Below is the contact information for each Distributor:

ABRO RUSSIA WEST	ABRO RUSSIA EAST
